## COVID 19 ORIENTATION

For admission to Brazil, it is necessary to present an RT-PCR test or an antigen with negative or undetectable result for SARS-CoV2 coronavirus (Covid-19). Therefore, the RT-PCR must be performed within 72 hours prior to boarding and the antigen must be performed within 24 hours prior to boarding. It is mandatory to present proof of vaccination with vaccines to combat covid-19 approved in Brazil, and the last dose to have been applied 14 days before the trip.

In addition, it is necessary to complete the Anvisa form for entry into Brazil, link below:

[FORM](#)

## OTHER VACCINES

In Brazil, proof of vaccination is mandatory for entry into the country. However, the Ministry of Health of Brazil recommends that international tourists update their vaccination status prior to arrival in Brazil, according to the guidelines of the vaccination calendar of the country of origin or residence, in particular, vaccines for yellow fever, polio, measles and rubella, diphtheria and tetanus. Not all Brazilian states require yellow fever vaccine.

## TELEPHONY

Travelers can enable their chip with the mobile phone operator of origin or purchase a pre-paid chip with their passport at the operators' stores. There are some options that can be found at the destination airport.

## WEATHER

Before preparing your luggage, how about seeing the weather forecast at your destination city?
